

Who We Are

We are a national non-profit organization and a member of the World Federation of Right to Die Societies.

Our Vision

We are working towards a world where people are well informed about end-of-life concerns and are free to choose a peaceful death.

Our Mission

Everyone has the right to information about death and dying.

Everyone has the right to make their own end-of-life plans.

Everyone has the right to have their individual end-of-life plans respected and honored.

Our Programs

Introduction to Choice and Dignity

Learn about how to prepare for a peaceful death. Learn how C&D can help.

Advance Directives Workshop

Learn how to prepare advance directives that clearly state your end-of-life and medical-care wishes. An attorney will be present.

Advocacy Training

Learn how to get your wishes honored at end-of-life or whenever encountering a medical institution and avoid medical care you don't want. Learn how to have or be a good medical power of attorney and how to make your advance directives work for you.

More on Programs:

Life Completion Class

This class will teach two ways to facilitate a peaceful death, including a demonstration of the inert gas method. Choice and Dignity has end of life consultant companions available to competent adults who have irreversible progressive illnesses.

Conversations About the Impact of a Good Death

Learn about the experiences of members who have dealt with the planned exit of loved ones. Not intended as grief counseling, this program will help those considering their own final exit to understand the impact of that choice on others.
